For complex labeling requirements

CODESOFT is an enterprise-level barcode label creation and integration software offering unmatched flexibility, power, and support. Available in print engine, standalone, and network configurations, CODESOFT is designed to meet all of your labeling needs. Whether your goal is managing assets and resources, controlling distribution channels and stock levels, tracking documents, or managing data records, CODESOFT provides a solution for your organization’s most advanced labeling needs.

TEKLYNX Subscription Licensing is available for CODESOFT. Subscription Licensing is the best option for maximum flexibility and long term value. The upfront cost of a CODESOFT subscription license is lower, and it includes more value than ever before.

- Keep your software up to date, without spending extra time or money.
- Easily understand software costs for simplified and predictable budgeting.
- Take advantage of unlimited access to software maintenance, technical support, and training webinars.

Features

- **Easy to Use**
  Intuitive interface allows you to quickly become comfortable and efficient using the application.

- **Powerful**
  100+ barcode symbologies, helpful design wizards, and customizable printing forms allow you to easily design compliant labels.

- **Connectivity**
  Supports complex integration with both local and cloud data, including Google Drive, OneDrive, and OData.

- **RFID**
  Offers support for RFID label creation and native printer drivers for 300+ RFID capable printers.

Benefits

How can CODESOFT help solve your business challenges?

- **Design Complex Labels Easily** - CODESOFT is an advanced label design application that gives you the ability to easily design a label, connect to a database, or add complex barcodes such as HIBC or GS1 using CODESOFT's intuitive interface and wizards.

- **Increase Efficiency** - With CODESOFT’s flexibility, you can easily integrate label printing and RFID technology into your business processes, increasing both efficiency and control. Adding CODESOFT to business processes is simple with its intelligent interface, helpful wizards, customizable printing forms, and robust database connections.

- **Grow Your Business** - As your labeling needs grow to require faster printing, more control, and process automation, leverage CODESOFT’s integration with TEKLYNX’ enterprise solutions: SENTINEL for label print automation, LABEL ARCHIVE for label security and traceability, and TEKLYNX CENTRAL for centralized label management.

EDITION COMPARISON

Which edition of CODESOFT is right for your labeling needs?

**CODESOFT Pro** is a great starting point to meet your immediate labeling needs. It is only available as a single user license and is limited to 3 thermal printers and the default Windows printer.

**CODESOFT Enterprise** has unlimited printer support and is available as a single user, Network (multi-user), or Runtime (print only) version.

Is CODESOFT your solution?

CODESOFT is ideal for highly complex labeling environments.

Companies who use CODESOFT have complex label design and integration needs within an enterprise environment. CODESOFT users may require connection to SQL or Oracle databases, RFID printing, and VB scripting to trigger print jobs. Their labeling process includes strict approval rules that must be followed before labels can be printed.

Companies who use CODESOFT typically have:

- Over 10 printers
- Significant number of users
- Multiple production lines and locations
- Third-party suppliers who print their labels
- Lean manufacturing initiatives
- Compliance regulations
- Business system integration
- Color labeling requirements

TEKLYNX offers solutions for all levels of labeling complexity

LABEL MATRIX
- Simple labeling requirements with fixed data
- Familiar interface
- Helpful label design wizards

LABELVIEW
- Mid-level labeling requirements
- Simple database connections
- Customizable print forms
- Intuitive interface

CODESOFT
- Complex labeling requirements
- RFID support
- Complex database integration
- Regulatory compliance, such as:
  - Unique Device Identification (UDI)
  - Globally Harmonized System of Classification and Labeling of Chemicals (GHS)

Enterprise Label Management Solutions
- Maximum complexity labeling requirements
- CODESOFT + SENTINEL integrates with any ERP system to completely automate label printing
- CODESOFT + LABEL ARCHIVE enables tracking of every aspect of the label design process, robust user permissions, and version control
- TEKLYNX CENTRAL is an all-in-one, centralized, browser-based label management solution for the whole enterprise

About TEKLYNX

TEKLYNX International helps supply chains work better. Today, more than 750,000 companies in over 170 countries trust TEKLYNX integrated barcode and RFID label design products and the people behind its solutions to make barcode labeling operations efficient, accurate, secure and industry compliant. With over 30 years of experience, TEKLYNX is the global leader because of its reliable software and superior customer support. To learn more about how the TEKLYNX community helps companies across industries worldwide, visit teklynx.com or call TEKLYNX in your region. Barcode Better™ with TEKLYNX.
