## For complex labeling requirements

CODESOFT is an enterprise-level barcode label creation and integration software offering unmatched flexibility, power, and support. Available in print-only, single-user, and network configurations, CODESOFT is designed to meet all of your labeling needs. Whether you need to enter data and print, connect to a business database, or automate aspects of your label printing, CODESOFT provides a solution for your organization's most advanced labeling needs.

CODESOFT includes 4,000+ native printer drivers for maximum printing quality without extra steps.

TEKLYNX offers a variety of flexible licensing options for CODESOFT, including subscription and perpetual licenses.

## Features

### Easy to Use

Intuitive interface allows you to quickly become comfortable and efficient using the application.

### Powerful

100+ barcode symbologies, helpful design wizards, and customizable printing forms allow you to easily design compliant labels.

### Connectivity

Supports integration with both local and cloud data. Supports local and cloud printers.

### RFID

Offers support for RFID label creation and native printer drivers for 300+ RFID capable printers.

## Benefits

How can CODESOFT help solve your business challenges?

- **Design Complex Labels Easily** - CODESOFT is an advanced label design application that gives you the ability to easily design a label, connect to a database, or add complex barcodes such as HIBC or GS1 using CODESOFT's intuitive interface and wizards.
- **Increase Efficiency** - With CODESOFT's flexibility, you can easily integrate label printing and RFID technology into your business processes, increasing both efficiency and control. Adding CODESOFT to business processes is simple with its intelligent interface, helpful wizards, customizable printing forms, and robust database connections.
- **Grow Your Business** - As your labeling needs grow to require faster printing, more control, and process automation, leverage CODESOFT's integration with TEKLYNX enterprise solutions: SENTINEL for label print automation, LABEL ARCHIVE for label security and traceability, and TEKLYNX CENTRAL for centralized label management.

# EDITION COMPARISON

Which edition of CODESOFT is right for your labeling needs?

**CODESOFT Pro** is a great starting point to meet your immediate labeling needs. It is only available as a single user license and is limited to 3 thermal printers and the default Windows printer.

**CODESOFT Enterprise** has unlimited printer support and is available as a single user, Network (multi-user), or Runtime (print only) version.

# Is CODESOFT your solution?

CODESOFT is ideal for highly complex labeling environments.

Companies who use CODESOFT have complex label design and integration needs within an enterprise environment. CODESOFT users may require connection to SQL or Oracle databases, RFID printing, and VBScripting to trigger print jobs. Their labeling process includes strict approval rules that must be followed before labels can be printed.

Companies who use CODESOFT typically have:

- Over 10 printers
- Significant number of users
- Multiple production lines and locations
- Third-party suppliers who print their labels
- Lean manufacturing initiatives
- Compliance regulations
- Business system integration
- Color labeling requirements

# TEKLYNX offers solutions for all levels of labeling complexity

## LABEL MATRIX

- Simple labeling requirements with fixed data
- Familiar interface
- Helpful label design wizards

## LABELVIEW

- Mid-level labeling requirements
- Simple database connections
- Customizable print forms
- Intuitive interface

## CODESOFT

- Complex labeling requirements
- RFID support
- Complex database integration
- Regulatory compliance, such as:
  - Unique Device Identification (UDI)
  - Globally Harmonized System of Classification and Labeling of Chemicals (GHS)

## Enterprise Label Management Solutions

- Maximum complexity labeling requirements
- CODESOFT + SENTINEL integrates with any ERP system to completely automate label printing
- CODESOFT + LABEL ARCHIVE enables tracking of every aspect of the label design process, robust user permissions, and version control
- TEKLYNX CENTRAL is an all-in-one, centralized, browser-based label management solution for the whole enterprise

## About TEKLYNX

TEKLYNX International helps supply chains work better. Today, more than 750,000 companies in over 170 countries trust TEKLYNX integrated barcode and RFID label design products and the people behind its solutions to make barcode labeling operations efficient, accurate, secure and industry compliant. With over 30 years of experience, TEKLYNX is the global leader because of its reliable software and superior customer support. To learn more about how the TEKLYNX community helps companies across industries worldwide, visit [teklynx.com](http://teklynx.com) or call TEKLYNX in your region. Barcode Better™ with TEKLYNX.
